China Forged Valves Co., Ltd. , founded in 2008, has grown into one of China’s premier suppliers of high-quality forged valves. With a strong focus on innovative design and engineering, we strive to be a trusted global partner, providing reliable and efficient flow control solutions across a wide range of industries.

Our product range specializes in **API 602 and API 608 forged steel valves**, tailored to meet precise customer requirements. We offer valves with **nominal pressures from Class 150 LB to Class 4500 LB** and sizes ranging from **1/4 inch to 4 inch**, with an **annual production capacity of approximately 1,000,000 units**. Our advanced management systems and rigorous production processes ensure consistent quality and operational excellence.

At China Forged Valves, **quality is our core philosophy—“Quality is the soul of the company.”** Supported by certifications including **ISO 9001, API 602, API 608, DNV, CE, and API 607 Fire Safe**, we are dedicated to delivering **zero-defect valves** with long-term reliability. Serving the **oil, petrochemical, gas, and power industries worldwide**, we offer professional, stable, and value-driven products and services, welcoming global partners to join us in building a safer and more efficient future.It's important to know about Google SEO to help your website rank higher in search results.
