Dr Merv & DBA Success is dedicated to empowering dental professionals through targeted support, expert insight, and personal mentorship. Founded with the mission to help people Dream, Believe, and Achieve in their dental careers, DBA Success offers a powerful combination of inspiration and practical guidance. We understand the unique pressures within the dental profession and are committed to reducing the stress and anxiety often faced by dentists at every stage.

Our flagship book shares valuable lessons and tools to help you thrive — but that’s only the beginning. We provide a wide range of services including coaching for dentists, dentist mentorship training, dental coaching programmes, **courses for dentists UK**, and courses for dentists in the UK. We also deliver training in leadership, patient communication, and mental health, including **patient handling training**, offering resources such as stress management for dentists, dental practice coaching, and dental leadership training.

Whether you’re seeking dental business coaching, exploring how to grow a dental practice, or looking for a dentist wellbeing course, DBA Success is here to support you. Discover the skills, clarity, and confidence you need to excel — both in your practice and your personal life.
