Established in 2008, **Het Pump** is a leading manufacturer of Industrial Submersible Pumps and a flagship company in the pump manufacturing industry. With a proud commitment to empowering women in business, 59% of our ownership belongs to women directors. Guided by our core values—Honesty, Excellence, and Trust—Het Pump stands for integrity, quality, and reliability in every product and service we provide.

As an ISO 9001:2015, ISO 45001:2015, and ISO 14001:2015 certified company, we originally supplied a range of pumps and engineering goods, later specializing in domestic pumps for OEM raw water applications in 2014. Today, our product range serves diverse needs across private, government, OEM, and industrial sectors, and we take pride in customizing our pumps to meet specific user requirements.
