KT Dental is a modern, bespoke, and accessible dental practice in Kentish Town that offers much more than routine care. Our luxurious interiors are designed to keep you relaxed and comfortable, while our advanced surgery rooms feature the latest technology to make your experience smooth and stress-free.

Our highly skilled team combines compassion with expertise, offering everything from general dentistry to specialist cosmetic treatments. Whether you’re looking for a cosmetic dentist for smile makeovers, teeth whitening, composite bonding, white fillings, dental veneers, or dental implants, our clinicians ensure minimally invasive, pain-free results. Nervous patients are especially cared for, with gentle dentistry and in-chair entertainment, including movies and streaming services, to make visits more enjoyable.

As a comprehensive dentist in Kentish Town, we provide restorative, cosmetic, and preventative care under one roof. Our services also include Invisalign and clear aligners for discreet teeth straightening, as well as skin rejuvenation options such as anti-wrinkle treatments and dermal fillers. For urgent needs, our caring team is here as your trusted emergency dentist.

With welcoming lounge spaces, natural light, and state-of-the-art equipment including intraoral cameras, digital X-rays, and 3D scans, KT Dental redefines comfort, technology, and care in one exceptional practice.
