Welcome to DR GEORGE Hearing Centers, where caring for your hearing is our absolute priority. With more than 15 years of experience, we operate in the field of clinical audiology, providing a wide range of services for the evaluation, restoration and protection of your hearing. The journey began in 2009, when Dr. George Panayiotou, a clinical audiologist with experience and passion for hearing, after completing his PhD in Clinical Audiology from East Tennessee State University in the USA, decided to establish the Larnaca Audiological Center. Two years later, in 2011, the Center renewed its identity, taking the name DR GEORGE Hearing Centers. At DR GEORGE Hearing Centers, we put the person and their individual needs at the center of our attention. We know the critical role that hearing plays in everyday life and in shaping the daily routine of each individual. With this vision, Dr. George decided to create a space where personal care , individual attention and excellence in audiology will always be our top priority. At DR GEORGE Hearing Centers, we are committed to being by your side every step of your journey towards improved hearing and quality of life. We offer ongoing personal care , immediate audiological and technical support , practical financial solutions , a two-year factory warranty , free service for the life of the hearing aid, and free home visits for people with mobility difficulties in Nicosia, Limassol and Larnaca.
