BLR Emergency Care provides medical equipment rental and sales services throughout Bengaluru. Our company offers hospital beds and oxygen cylinders and ventilators and wheelchairs and additional medical supplies for both home and hospital environments. Our service provides immediate support to patients and their families through our fast delivery system and our easy operational method. We maintain our pricing structure at affordable levels to ensure that all people can access our high-quality medical services. Our team works nonstop throughout the week to provide you with immediate access to the equipment which you require.
