At **ALIA Management Ibiza**, we are a family business dedicated to providing professional property maintenance services on the island of Ibiza. We offer full coverage across all types of services, from cleaning, gardening, and **garden maintenance Ibiza** homeowners rely on, to pool care, as well as the development and execution of landscaping projects and the management of urban planning and construction projects.We focus on high-profile villas, typically second homes for clients from Holland, Germany, Switzerland, Belgium, the United Kingdom, and Italy. With over 5 years in the sector, we have experienced rapid growth thanks to the trust of our clients and strong word of mouth. In recent years, we have also expanded into landscaping and town planning services for new builds and renovations, supported by our team of architects.
