Home Roof Restoration has been looking after Sydney roofs for years, providing honest, reliable service when you need it most. Whether your roof needs a thorough wash, fresh paint, or urgent repairs, our skilled team treats every home like it's our own.

We're roofing specialists who understand Sydney's weather can be tough on your property. That's why we offer everything from gutter repairs and replacements to professional roof treatments that actually last. Need your solar panels cleaned? We do that too, helping you get the most from your investment.

Our blokes take pride in quality work without the runaround. We'll assess your roof honestly, explain what needs doing, and get the job done right the first time. From small fixes to complete restorations, we use top-quality materials and proven methods that stand up to Australian conditions.
