Bhansali Overseas is a leading manufacturer, supplier, exporter, and stockist of premium-quality industrial raw materials and piping products, serving diverse industries across domestic and international markets. With extensive experience in the metal and engineering sector, the company specializes in delivering reliable solutions that meet stringent quality and performance standards. Their product portfolio includes pipes, tubes, butt weld pipe fittings, forged fittings, flanges, fasteners, sheets, plates, coils, bars, rods, and various engineered metal products manufactured in a wide range of ferrous and non-ferrous materials.

The company offers products in Stainless Steel, Duplex Steel, Super Duplex Steel, Carbon Steel, Alloy Steel, Nickel Alloys, Inconel, Incoloy, Monel, Hastelloy, Titanium, Copper Alloys, and other specialized grades designed for demanding industrial applications. Their materials are widely used in industries such as oil and gas, petrochemicals, power generation, chemical processing, marine engineering, pharmaceuticals, construction, water treatment, and infrastructure projects.

Bhansali Overseas maintains a strong focus on product quality, inventory availability, and timely delivery. Their extensive stock range enables quick fulfillment of customer requirements while ensuring compliance with international manufacturing standards and specifications. The company supplies a broad selection of industrial products including seamless and welded pipes, precision tubes, round bars, forged fittings, flanges, fasteners, and fabricated components in multiple grades and dimensions.

Committed to customer satisfaction, Bhansali Overseas combines technical expertise, quality assurance, and competitive pricing to deliver dependable industrial solutions worldwide. Their dedication to excellence, robust supply chain capabilities, and comprehensive product range have established them as a trusted partner for contractors, EPC companies, fabricators, and industrial buyers seeking high-performance metal products and piping components.
