L-D Tool & Die is a privately owned Mould Manufacturer and Custom Injection Molding Companies Company, located in Ottawa, Ontario, Canada. We offer our customers a complete line of services, from mould design and manufacturing to small and large-volume production runs. Our complete line of value-added services complements our manufacturing capabilities, making us a Full Turnkey Provider. At L-D Tool & Die we work very closely with our customers to ensure that whatever project we undertake, large or small, is delivered on time, and consistently meets the specified quality requirements.
