At Crescent Dental & Orthodontics, your comfort comes first. Serving families throughout Seguin, Lockhart, and San Marcos, TX, our practice is built around the belief that every patient deserves a relaxed, welcoming visit — not just a healthy smile. Dr. Paul Shahwan and our team of dental associates use state-of-the-art technology to deliver thorough, gentle care for patients of all ages, from routine cleanings to advanced orthodontic treatment. We know dental costs can be a barrier, which is why we partner with Thrive Dental Plan to offer affordable options for patients without insurance, along with regular new patient promotions. Whether it's your first visit or your fiftieth, our goal is the same: a lifetime of happy, healthy smiles. Call our Seguin, Lockhart, or San Marcos office today to schedule your appointment.
