Company logo

Lucky Mycrofine is a leading manufacturer of commercial and domestic atta chakki (flour mills) in India, with over 48 years of experience in the household appliance industry. The company offers a wide range of high-performance, energy-efficient, and hygienic flour milling machines for home and commercial use. Mycrofine's products are powered by ISI-certified electronic motors, feature food-grade stainless steel grinding chambers, advanced air-cooled filters, and durable MDF cabinets, ensuring pure, fresh, and nutritious flour.
