Company logo

Offering more than three decades of expertise and experience, Meloni & Farrier Organbuilders is proud to be regarded as one of the premier restorers and builders of fine pipe organs in the New York Metropolitan area. Our goal is to provide the highest standard of workmanship, reliability and service to our clients.

Meloni & Farrier Organbuilders, a member firm of the International Society of Organbuilders, specializes in all types of organ restorations, and 19th century organs in particular. For the past 30 years, we have been engaged in building, restoring and maintaining organs throughout the United States.
