CtrlX Global Services Pvt. Ltd. is a leading corporate training and innovation consulting company in India, helping organizations strengthen leadership, enhance team performance, and build a culture of innovation. We design and deliver impactful programs in leadership development, management training, design thinking, creative problem-solving, and experiential learning. Our workshops—ranging from innovation sprints and ideation labs to LEGO® Serious Play and team-building experiences—enable teams to think differently and collaborate effectively. With expertise in Lean Six Sigma, operational excellence, and strategic innovation frameworks, we empower companies to unlock new possibilities and achieve sustainable business growth.
