Renaissance Services, Oman’s leading provider of accommodation, service solutions, and Integrated Facilities Management (IFM), has been a trusted presence in the Sultanate since its listing on the Muscat Stock Exchange in 1996. Renaissance has committed over US$520 million to Oman, making it one of the largest private employers of Omani nationals and a significant contributor to local economic growth. This investment in capacity building and employment reflects the company's dedication to creating opportunities for Omanis while supporting the nation’s development goals.

With a focus on safety, efficiency, and environmental responsibility, Renaissance prioritizes in-country value (ICV) and fosters a robust local supply chain. Passionate about building a sustainable future, the company has invested more than US$980,000 in CSR programs over the past five years, demonstrating its commitment to community welfare. Through these initiatives, Renaissance aims to sustain a positive impact on Oman's economy, environment, and workforce, emphasizing green awareness and sustainable growth.
