Company logo

Established in 2005 by Watson Krick and William Brown, Charleston Fencing Pros is a premier local contractor delivering top-tier residential and commercial fencing solutions across the Lowcountry. Based in historic Charleston, SC, our team specializes in designing and building coastal-grade fencing tailored to withstand South Carolina’s unique climate, salt air, and storm conditions.

We offer a comprehensive selection of styles and materials, from classic custom wood privacy fencing and long-lasting, low-maintenance vinyl fences to ornamental aluminum, chain link, and custom gates. To learn more about our company history and commitment to quality craftsmanship, read more about us and our team.

In addition to new installations, we specialize in emergency storm recovery and post-tempest repairs, including emergency Mount Pleasant storm and hurricane fence replacement and restoration across surrounding communities. Contact Charleston Fencing Pros today for your free estimate.
