Navo offers IV therapy in NYC through mobile and spa-based treatments in Manhattan, Brooklyn, and Queens. Our licensed ER and ICU nurses administer IV drips using FDA-approved ingredients and transparent dosages. We offer NAD drips, glutathione drips, immunity drips, and custom blends designed to promote wellness, hydration, recovery, and performance. Each treatment is personalized and delivered in a calm, clinical setting, either at home or in one of our partner spas. Navo prioritizes comfort, safety, and convenience while providing same-day service. Discover why we're New York City's premier destination for IV drip therapy and book your session today.
