Parkinson’s MD CARE is a leading movement disorder center led by Dr. Jawad A. Bajwa, a renowned neurologist in Pakistan, specializing in the diagnosis and treatment of Parkinson's disease, dystonia, tremors, and other movement disorders. The clinic offers advanced therapies, including DBS surgery, along with comprehensive and personalized treatment plans tailored to each patient's needs. With a commitment to innovative care and clinical excellence, Parkinson’s MD CARE helps patients enhance mobility, manage symptoms effectively, and improve their overall quality of life.
