ALSA Pakistan (Advanced Lahore Surgi-Med Associates) is a healthcare organization in Lahore that specializes in advanced bariatric (weight-loss) surgery and laparoscopic procedures. The center is led by Dr. Tahir Younus, a well-known surgeon who focuses on treating obesity and related medical conditions through modern surgical techniques.

At ALSA Pakistan, patients can receive treatments such as mini gastric bypass surgery, sleeve gastrectomy, gastric bypass, and gallbladder surgery, along with comprehensive weight-management support. Under the leadership of Dr. Tahir Younus, the organization aims to provide safe, advanced, and patient-focused healthcare services. ALSA Pakistan also promotes awareness about obesity treatment and offers professional medical guidance to help patients improve their health and quality of life.
