EWOUR Waste Management provides professional waste management, EPR registration, recycling, and environmental compliance support for businesses across India. We assist eligible producers, importers, manufacturers, and brand owners with EPR registration for e-waste, plastic waste, battery waste, and tyre waste. Our services include documentation assistance, CPCB compliance guidance, annual filing support, EPR liability fulfilment, and responsible recycling solutions. We also offer IT Asset Disposition (ITAD), data destruction, and data centre services to support secure and responsible management of electronic assets. Our goal is to help businesses understand their applicable environmental responsibilities and adopt sustainable waste management practices. Contact EWOUR Waste Management for professional assistance tailored to your business requirements.
