# VASCULAR AND FIBROID SPECIALISTS DELIVERING UP-TO-DATE TREATMENTS

If you feel run down all the time or have a strange sore on your leg, you may have circulation problems. If you feel pelvic pain and have severe menstrual cramps, you may have fibroids. In both cases, visit a compassionate expert who knows what to look for and how to address the conditions. Dr. George Bolotin is an acclaimed Interventional Radiologist who specializes in vascular health concerns, such as vein problems and fibroids. Get an accurate diagnosis and effective treatment at the Astra Vein Treatment Center in Brooklyn, NY.

## FIBROID TREATMENT BROOKLYN

Fibroids are usually non-cancerous growths that form on your uterine wall, either inside or on the outside. The different types of fibroids, and where they grow, can cause a variety of symptoms. Many women of childbearing age, especially African American women, are affected by fibroids, but not all show symptoms. The highest number of women with prevalent fibroid conditions are those over the age of 50..
